

Following Dracula

The excited Comenius team started to Brasov on Friday. Everyone got up very early for this exciting program, being accompanied by teachers.

The Comenius team in Romania, Hungary, Italy and the teachers and children were the participants. First we visited the Bran Castle, where foreign friends associated this castle with from Dracula Romania. But, fortunately, they were pleasantly surprised and delighted by the royal palace. After visiting the castle we looked into the giftshops some of us went into the monster castle where faces were frozen and everyone came out in terror.

Then we walked some more and headed towards Brasov. When we arrived we headed to the Black Church of Brasov, which is one of the largest gothic Churches in the 14th and 15th century. In the Church, we heard a short story of this burning down. After visiting the church we went excitedly to have lunch in a KFC.

After lunch we walked into town and then went home. The way home we played a game „Are we there yet” and everyone had fun. Everyone enjoyed the trip and returned with beautiful memories.
